RE: CC Docket No. 02-33 Notice of Provision of Consumer Broadband Only Loop Service
on a Permissive Detariffed Basis

Dear Ms. Dortch,

In accordance with the FCC's 2016 *Rate of Return Reform Order*¹, Matanuska Telephone Association, Incorporated is hereby providing the FCC with the attached notice of the Company's election to provision its consumer broadband only loop service on a permissively detariffed basis, effective January 3, 2017. In addition, following the notice to the FCC is the notice that Matanuska Telephone Association, Incorporated furnished to Internet Service Providers who purchase consumer broadband only loop service.

A copy of this notice is also being sent to the Regulatory Commission of Alaska, the Governor of Alaska, and the Special Assistant for Telecommunications at the Department of Defense.

If you have any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in blue ink that reads "Wanda Tankersley". The signature is written in a cursive, flowing style.

Wanda Tankersley
Chief Financial Officer

**Notice of Provision of Consumer Broadband Only Loop Service On A Permissive
Detariffed Basis**

CC Docket No. 02-33

The Federal Communications Commission in its March 30th, 2016 Rate of Return Reform Order established revised cost allocation procedures to provide support for broadband-capable network loop costs. Therein, the Consumer Broadband Only Loop (CBOL) rate was established as a means of recovering a portion of the loop costs associated with providing broadband only service. The Federal Communications Commission afforded carriers the option of tariffing the rate in their interstate common line tariff, or to offer the service on a permissively detariffed basis. Today Matanuska Telephone Association, Inc. provides notice of its intent to offer the Consumer Broadband Only Loop service on a permissive detariffed basis, effective January 3, 2017.

Currently Matanuska Telephone Association, Inc. offers its other common carrier broadband Internet access transmission service on a permissive detariffed basis. Matanuska Telephone Association, Inc. will post the rates, terms and conditions of its Consumer Broadband Only Loop service on its website at www.mtasolutions.com. The Company will also make physical copies of its offering reflecting the rates, terms and conditions available for public inspection at its business office, at the address provided above.

The geographic areas affected by this are the Company's exchanges where DSL is technically feasible.

On December 8, 2016, Matanuska Telephone Association, Inc. furnished its existing ISP customers with the attached letter, which notifies the ISP of the Company's plan to provide its Consumer Broadband Only Loop service on a detariffed basis.

RE: Notice of Provision of Consumer Broadband Only Loop Service On A Permissive
Detariffed Basis

This is to notify you that Matanuska Telephone Association, Inc. will begin offering a new Consumer Broadband Only Loop service on a non-tariffed basis. This is the same manner in which the company currently provides broadband Internet access transmission service, which is used as an input for the broadband Internet access services that you offer to residential and business end-user customers.

The effective date of the Matanuska Telephone Association, Inc. Consumer Broadband Only Loop service is January, 3, 2017, and will apply to the Company's exchanges where DSL is technically feasible.

To view the rates, terms and conditions of our Consumer Broadband Only Loop services, please visit the Company's website at www.mtasolutions.com. In addition, printed copies of the rates, terms and conditions will be available at our office, during normal business hours.
